We hope you didn't have big plans this weekend because [Google Feud](#) will automatically fill your time

Google Feud, which launched this week, combines the format of television game show *Family Feud* with the never-ending entertainment of guessing how Google will autocomplete what you type into its search bar, based on what other users have previously looked up

You start by selecting a randomized search query from one of four categories : culture, people, names, questions. Then you get three chances to guess how it would be autocompleted, earning more points for the most common suggestions [Read more...](#) More about [Google](#), [Games](#), [Google Autocomplete](#), and [Tech GIF - 43 octets](#)
