Peanuts, the popular, long running comic strip by Charles Schulz was a pretty parents-free environment. The kids all seemed to have parents, you just never saw or heard from them. When the adults were voiced in the 1960s television specials, their words were replaced with what could best be described as trombone sounds.

For Charlie Brown, Sally, Lucy, Linus, Pig Pen, Schroeder and the rest of the gang, their true father was Schulz himself. His thoughts and feeling about childhood and parenting were often expressed right inside the comics.
